Pedicure

Normal Pedicure **Ksh. 1500**

Our classic pedicure is a relaxing and rejuvenating experience. We begin by soaking your feet in a warm, bubbly bath to soften the skin. Next, we gently remove any calluses and trim your nails. We then massage your feet and legs to improve circulation and relieve tension. Finally, we apply a fresh coat of polish to complete your look.

SLS signature pedicure **Ksh. 2500**

Indulge in our Turmeric & Honey treatment for a truly relaxing experience. Turmeric's powerful anti-bacterial, anti-inflammatory, and anti-fungal properties promote healing and a natural skin glow. Honey deeply moisturizes and soothes, leaving your skin radiant. This luxurious treatment includes nail polish removal, shaping, gentle exfoliation, flawless gel application, and a soothing honey massage."

Others:

Microblading

Ksh. 17,000

This is a technique employed with a manual hand tool to create light wispy hair strokes. During the procedure, we create the perfect brow shape, and choose a natural stroke pattern to suit the client's unique preference and features. Then, we use a precise manual needle to insert pigment into the first layer of skin. The result is a natural, beautiful brow customized to each client that will naturally fade out over a period of 18-24 months.

Ombre Brows

Ksh. 15,000

This is a natural and gradual gradient of shading throughout the eye brows. The brows will be lighter in the head region and darker and more defined in the body and tail region.

Lip Micropigmentation

Ksh. 13,000

Enhance your natural beauty with our lip micropigmentation! Achieve fuller-looking lips, subtle definition, or correct asymmetry. Our skilled technicians use advanced techniques for long-lasting, natural-looking results.
